the **CNY kids NICA** mountain bike team.

## Kids and Bikes - Racing and Riding

The mission of CNY Composite ([www.cnymtb.com](http://www.cnymtb.com)) is to get more kids on bikes, help create stronger bike communities in Central New York, challenge by choice, respect the trails and have fun! They work with children to learn safe mountain biking skills in a positive and fun manner. They support personal goals, whether they be that of club rider or aspirations of a podium finish.

They have a blast while developing lifelong skills and relationships.

This year the team set high personal goals and team goals. The majority of our athletes met their goals and those who did not, rallied and looked forward to their next set of races and goals. The coaches are immensely proud of the young adults that are part of our team and look forward to continuing to watch them grow as people and a team.

The kids on the team are just that a team. They have supported and encouraged each other whether in success, competition or with room for improvement.

All of the rides are on [www.ridewithgps.com](http://www.ridewithgps.com)
